The Black Church Week of Prayer for the Healing of AIDS in Greater Kansas City is an effort to mobilize area churches, raise awareness and provide HIV/AIDS education to their respective congregations.

**The 2010
Black Church Week of Prayer
For The Healing of AIDS**

The 2010 Black Church Week of Prayer for the Healing of AIDS

(BCWP) is an HIV/AIDS awareness program organized in 1995 by clergy and lay leaders from Black churches, elected officials, community leaders, people living with AIDS and representatives from public health and community-based organizations.

This week of events is held every year during the first week of March to mobilize the African-American community and our churches to become involved in the fight against HIV/AIDS in their community. The Kansas City Chapter joins with the National Week of Prayer for the Healing of AIDS in an effort to reach out to all faith traditions and all people. Locally, this event is sponsored by:

The Calvary Community Outreach Network
